IS PROUD TO PRESENT THE 18TH ANNUAL
HISTORY IN THE MAKING CONFERENCE

**UNRESOLVED CONFLICTS:
POPULAR MOVEMENTS AND
ONGOING SOCIAL CHANGE**

**March 15-16, 2013
Concordia University
Montreal, QC, Canada**

A note from the organizers

This year's History in the Making Conference is the 18th consecutive annual HIM conference, making this the longest-running graduate history conference in Canada.

The aim of this conference has always been to give students the opportunity to showcase and discuss their research to a broader audience. To that end, over two dozen students from across North America will be presenting, spread across nine unique thematic panels. Each presentation will be 15-20 minutes, and audience members are welcome and encouraged to ask questions afterwards.

Engaging keynote speakers have always been an important part of the HIM conference, and this year we continue that tradition with Sean Farrell and Jean-Philippe Warren. Dr. Farrell and Dr. Warren specialize in Irish and Quebecois history, respectively, which is only fitting for a conference held over St-Patrick's weekend in Montreal.

We are also thrilled to be able to provide students with a private visit of the Centre d'histoire de Montréal, housed in a former fire barracks in Old Montreal, where Dr. Warren's Saturday keynote will also be held. The participation of the Centre for Ethnographic Research and Exhibition in the Aftermath of Violence has likewise given us the opportunity to host our Friday night reception in their Exhibition Workshop.

This conference has been made possible by the generous contributions, both financial and collaborative, of a number of groups, whom are acknowledged at the end of this program.

Thank you for attending and supporting our event,

Regards,

The HIM Organizing Committee
